Conseguentemente l'azienda si impegna a: rispettare le leggi nazionali, regionali e locali di riferimento in materia ambientale; svolgere tutte le attività ed i processi produttivi non trascurando il risultato ambientale; adottare le migliori tecnologie disponibili ed economicamente accessibili per prevenire e minimizzare l'impatto ambientale; privilegiare l'azione di prevenzione dell'inquinamento piuttosto che l'abbattimento dello stesso; definire ed aggiornare periodicamente le procedure di emergenza per la riduzione degli effetti sull'ambiente dovuti ad emissioni accidentali di materia o di energia; migliorare in modo continuo le prestazioni del proprio Sistema di Gestione Ambientale (SGA) puntando sull'efficienza dell'organizzazione, con particolare attenzione: all'utilizzo delle risorse energetiche, attraverso il risparmio, il recupero e la valorizzazione degli scarti di legno come fonte energetica; al miglioramento della natura delle emissioni in atmosfera attraverso la ricerca continua di prodotti di rivestimento a minor impatto ambientale; al promuovere tra i dipendenti e collaboratori di ogni livello il senso di responsabilità verso l'ambiente.

La Tirolo srl si impegna a riesaminare periodicamente i contenuti della propria politica al fine di adeguarla all'evoluzione delle tecnologie, dei regolamenti legislativi e degli aspetti / impatti ambientali individuati.

La scelta dei fornitori e l'acquisto di beni e servizi sono effettuati in base a valutazioni obiettive circa competitività, qualità, possesso di requisiti tecnico / professionali, economicità, prezzo, integrità, affidabilità del fornitore stesso. La scelta di appaltatori e prestatori d'opera deve essere attentamente valutata, al fine di garantire tutti gli adempimenti richiesti in materia di salute e sicurezza nei luoghi di lavoro, con particolare riferimento alle attività di coordinamento. Inoltre, la Tirolo srl intrattiene rapporti solo con aziende in linea con le prescrizioni ambientali, nel rispetto della legislazione vigente in tale ambito.

La correttezza e il rispetto nei confronti dei clienti hanno un ruolo centrale nel definire i propri obiettivi. I rapporti con i clienti devono essere basati sulla reciproca fiducia e soddisfazione. In particolare nei confronti dei clienti la Tirolo srl garantisce l'impegno a fornire loro un prodotto di estrema qualità, che superi le loro aspettative e che sia durevole nel tempo. Solo in tal senso è possibile mantenersi competitivi sul mercato.

La Tirolo srl si riserva di apportare modifiche e/o migliorie di carattere tecnico ed estetico ai propri modelli e prodotti in qualsiasi momento e senza preavviso.

Tirolo srl manages the following activities: production of chairs and tables by mechanical processes on wood, painting, upholstery, packaging and shipping; in accordance with certain fundamental principles aimed at the quality, Tirolo srl states that the environmental policy is a priority for the planning of business activities. Consequently, the company is committed to: respect the national, regional laws and local landmarks in the environment; perform all activities and production processes without neglecting the environmental outcome; adopt the best available and affordable technology to prevent and minimize the environmental impact; prioritise action to prevent pollution rather than dejection the same; develop and periodically update the emergency procedures for the reduction of environmental impacts caused by accidental releases of material or energy; improve continuously the performance of its Environmental Management System (EMS) focusing on efficient organization, with emphasis on: use of energy resources, through conservation, restoration and enhancement of wood waste as an energy source; improve the nature of the emissions into the atmosphere through the continuous research of coating materials with low environmental impact, promote among the employees and associates of all levels a sense of responsibility towards the environment.

Tirolo srl is committed to periodically review the contents of its policy in order to adapt to changing technologies, regulations, legislation and environmental aspects / impacts identified.

The selection of suppliers and the purchase of goods and services are made on the basis of objective evaluations of competitiveness, quality, possession of technical / professional requirements, cost, price, integrity, reliability of the service provider.
